On behalf of BrünstlMedizin, in cooperation with LSR and AUST, we are pleased to invite you to join us at the upcoming first event on Amyotrophic Lateral Sclerosis "ALS Tag" which will take place on Saturday Dec. 13th.

Your participation in the ALS day is your chance to speak up about the Amyotrophic Lateral Sclerosis disease and move others to take action. It is a movement for establishing proper diagnosis and treatment options, for change towards more awareness, and more understanding of a motor neuron disease that affects so many of our family and friends.

Kindly confirm your attendance. Contact NeuroNanoMed Zentrum:
